International Coordination Committee for Written LRs & Evaluation (ICCWLRE)

Another initiative of Antonio Zampolli:

International forum

- to support international coordination & cooperation in the field of written LRs and technology assessment methodologies
- to formulate a common agenda of medium- and long-term research priorities
- to discuss innovative research needs

Involvement of various 'continents', topics, distribution centers

On the model of & in cooperation with **COCOSDA** for Speech

Common meetings (Spoken & Written) at LRECs

WRITE Committee

Written Resources Infrastructure, Technology, & Evaluation

WREC

Written Resources & Evaluation Committee

Committee...

Possible Role & Tasks

- ✱ Information Dissemination
- ✱ Dissemination of standards
- ✱ Committee & Roadmap
- ✱ Copyright & IPR
- ✱ Promotion & Coordination for LRs
- ✱ Enabling Activities
- ✱ Political & Strategic
- ✱ ...

Information Dissemination

- ✦ Dissemination of Committee reports
- ✦ **Maintenance of Website for LR Landscape**
- ✦ Inform about influence, usability.. of initiatives
- ✦ Watch & keep contact with other relevant communities & coordinate common activities
- ✦ Advertise outside
- ✦ ...

Dissemination of info on standards & dissemination of standards

- 💡 Reporting on practical experience of standard use
- 💡 Look at models/guidelines for adapting standards to different purposes
- 💡 Look at good practice scenarios
- 💡 How to maintain standards
- 💡 How to evaluate standards
- 💡 ...
- 💡 Advisory group of experts to help community

Promotion & Coordination

- ✦ Promote development of **free, shared LRs**, compatible with standards
- ✦ Large repositories of LRs & direct access via catalogue
- ✦ Open Architecture/Open Source concept
- ✦ Framework allowing an incremental creation
- ✦ Quality control
- ✦ Clarify links betw. LRs & tools
- ✦ ...

How to go for a framework allowing incremental creation/merging/...

- ✱ How "organise" creation/acquisition of multilingual LRs: evaluate different models
- ✱ How cope with/affect maintenance
- ✱ How organise technology transfer among languages
- ✱ How support BLARK/ELARK
- ✱ How launch an international initiative linking Semantic Web & LRs
- ✱ Bootstrapping this by "opening" a few LRs
- ✱ ***Declaration on open access to LRs***

Copyright issues

- ✱ Clarify IPR
- ✱ Ways of contracting
- ✱ Fair use
- ✱ ...

Enabling activities

- ✱ Create conditions to highlight emerging needs from the community, discuss, share, see which have consensus..., & proposals of how to tackle them
- ✱ Create conditions to arrive at consensual recommendations, to be conveyed to...
- ✱ Look at landscape initiatives & how exploit, coordinate them (& what is missing)
- ✱ ...

Political & Strategic

- ✱ How coordinate national initiatives (ERA)
- ✱ How cope with a changing scene in funding scheme
- ✱ No HLT action line → **difficulty in designing common global long-term strategies (more opportunistic)**

**ERA-Net
&
ICCWLRE**

Need of bodies where to discuss a broad research agenda & strategic actions

Committee & Roadmap

Maintain Roadmap

-  Evaluate Roadmap wrt state-of-art
-  Methodological issues
-  Users of Roadmap: e.g. extraction of 'hot topics'
-  ...

 **Here we are....**
