LREC 2008 is the sixth edition of the Language Resources and Evaluation Conference, biennially organized by ELRA with the support of institutions and organisations involved in HLT since 1998. Over 800 participants coming from 44 countries - mainly European countries - attended the fifth edition of LREC in Genoa in 2006 and we expect an audience in excess of 800 participants from academic and industrial institutions for LREC 2008.

LREC is a biennial event, organised by ELRA, the European Language Resources Association, with the collaboration of major international institutions and organisations. It brings together a large number of academic and industrial players who are active for the Research and Development in HLT and in HLT evaluation.
