

EC Projects Village at LREC 2010

The LREC 2010 conference would like to invite the EC projects to promote their activities and boost their dissemination efforts through their participation in the 7th edition of the conference, May 17-23, 2010 at the MCC in Valletta, Malta.

With an expected participation of 900 attendees, the EC Projects Village will grant visibility to the EC projects, in addition to giving the projects and the conference participants the opportunity to interact.

In order to generate the attention that projects deserves, the EC Projects Village will be located in the Sacra Infermeria Hall, the main traffic area close to the main registration, the main coffee-breaks and the poster presentations area. The EC projects Village will be open from May 19 to 21 during the Main conference days. Setup and break down will be possible for the projects representatives on May 18 and 22, if needed.

The Sacra Infermeria Hall

With the support of the European Commission, through the Directorate General *Information Society and Media* (Unit INFSO/E1), each project is encouraged to participate into the EC Projects Village and show its activities, objectives and progress through demos or brochures/leaflets if activities have not started yet. The offer is detailed below. We are very flexible: you should not hesitate to contact us (mazo@elda.org and choukri@elda.org) if you feel that the offer could be better (or differently) tailored to your needs.
