The procedure for submitting LREC2010 final papers is now OPEN.

<!-- To upload your final manuscript, you need to enter the passcode associated with your paper (you find it in the notification letter sent on February 3) on the following page: {{ {{{[https://www.softconf.com/a/lrec2010/-https://www.softconf.com/a/lrec2010/]}}} }} The final paper must follow the guidelines provided in the [Author's Kit-http://www.lrec-conf.org/lrec2010/?Author-s-Kit] and it should be in {{pdf unprotected format}}. In addition to the pdf paper itself, you {{must}} also enter a short (no more than 200 words) plain ASCII text abstract for your paper: it should not include the author/title information (these are entered above in the submission form). This abstract is {{M A N D A T O R Y}} and will be used to produce the LREC 2010 Book of Abstracts. We may not be able to include your paper in the Book of Abstracts if you do not provide the text of the abstract as requested.   Please remember that the absolute deadline for receiving the final electronic versions of all papers is now set to {{25th March 2010, 12 p.m. (noon) GMT+1}}. --
