Places to Visit

Valletta is the capital city of Malta, with a 500 year history. It was built in the late 16th century by the Knights of the Order of Saint John to support the defense of the island. It is named after La Valette, a Grandmaster of the Order, who initiated the building of the city after successfully defended the island from a siege by the Ottoman Empire forces in 1565. It is surrounded by bastions, and there are various palaces, museums, churches and other interesting locations to visit. St John's Cathedral & Museum can be found at the heart of Valletta [http://www.visitmalta.com/st-johns-...](http://www.visitmalta.com/st-johns-...). St James Cavalier Creativity for Centre is the contemporary art museum and organises various cultural activities [http://www.sjcav.org/](http://www.sjcav.org/). Mdina is the old capital city of Malta - known to be inhabited from at least 7 centuries BC. Known as the silent city, it is well worth a visit even if just to walk around the narrow, winding streets, and having a coffee or lunch at one of the cafes sitting atop the bastions, overlooking half of Malta.

Gozo is the second largest island in the Maltese archipelago, just 6km to the northwest of Malta. If you plan to extend your stay in Malta, it is well-worth a day visit. A regular ferry crosses between Malta and Gozo - [http://www.gozochannel.com/](http://www.gozochannel.com/).

Some locations of interest in Gozo include:

Cittadella, the old fortified city in Victoria.

The Azure Window - a natural rock formation in Dwejra.

Ggantija, a neolithic temple dating back from 3000BC.

Some other cultural and historical highlights in Malta include:

There are various megalithic temples around Malta. Of particular interest are Mnajdra - [http://www.visitmalta.com/mnajdra](http://www.visitmalta.com/mnajdra) - and Hagar Qim [http://www.visitmalta.com/hagar-qim](http://www.visitmalta.com/hagar-qim) - which are very close to each other. Another interesting location is the Hypogoeum - [http://www.visitmalta.com/hal-saflieni-hypogeum-map](http://www.visitmalta.com/hal-saflieni-hypogeum-map) - a subterranean structure dating back to 3000BC. If you plan to visit the Hypogoeum, it is recommended that you book ahead, since tours are often full weeks in advance.
