

EU Projects Village at LREC 2012

Further to the success of the LREC 2010 EC village in Malta, the Programme Committee has decided to continue this initiative and to set up an EU Projects Village at LREC 2012 with the support of the European Commission. The main objective of this exhibition for on-going EC-sponsored projects is to disseminate information by describing the activities/objectives and showing progress, either through demos, or through brochures or leaflets if the project is still at an early stage. The booth does not have to be manned all the time, you can schedule presentations and leave brochures the rest of the time.

The EU projects Village will be open from **May 23 to 25, 2012** during the Main conference days. The organizers expect it to be inaugurated by EC and Turkish officials and appropriate media coverage will be secured.

More information on the Village and on how to apply can be found on the LREC 2012 web site

<http://www.lrec-conf.org/lrec2012/?-EU-Projects-Village->

Don't hesitate to contact lrec@elda.org if you need more details on this initiative.
